

The Heart and Stroke Foundation South Africa

Chief Executive Officer (CEO)

The Heart and Stroke Foundation South Africa is dedicated to the prevention and control of heart disease and stroke in South Africa. The Heart and Stroke Foundation is now desirous of appointing a dynamic and enthusiastic new **Chief Executive Officer** (CEO) to assume this challenging position. The new CEO will take over from the current incumbent who has led the organisation as CEO for the past decade.

The CEO reports to the Board of The Heart and Stroke Foundation SA and is responsible for the overall leadership and general management of this 'Not-for-Profit' Organisation. The appointee will drive the strategic vision of the organisation and will be based in Cape Town. She/He will have proven management and commercial skills and have experience in building partnerships with key stakeholders.

KEY DELIVERABLES

• **Strategic planning and execution** • **Corporate Governance** • **Financial, tax, risk and facilities management** • **Fundraising** • **Representation in appropriate forums**
• **Building partnerships and relationships** • **Driving program delivery** • **Developing the organisation's Human Capital**

If you want to lead a reputable community-based organisation and enjoy making a difference in peoples' lives, this is the position for you. In exchange for delivering on the mandate, the organisation offers a competitive remuneration package. The Heart and Stroke Foundation is an equal opportunity employer.
