

PARTICIPATE IN A RESEARCH STUDY

YOUR STORY MATTERS

- Are you a woman or a gender-diverse person assigned female at birth, aged 25–40, living in Gauteng, South Africa?
- Have you accessed public or private healthcare services in the past two years?

Be part of a research study to explore experiences of symptom dismissal and delayed/misdiagnosis in healthcare, focusing on cardiovascular disease, gastrointestinal disorders, and cancer.

11 May 2026**

What Participation Involves

- You will be asked to write a short section describing your personal experience with symptom dismissal or misdiagnosis.
- You will then take part in an interview on Zoom (60 min) to discuss your story in more detail.
- All information you provide will be kept confidential and anonymous.
